

How you can help your child:

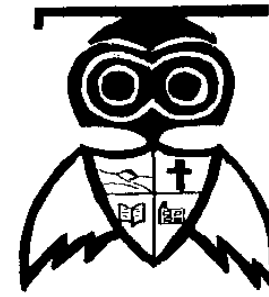

- Please listen to your child read as regularly as you can and talk about what he/she has read, discussing unfamiliar vocabulary, characters and story plot. This is the area which will most help your child to make progress with their learning.
- Please make sure that children are accessing reading plus at home.
- Practice counting in different numbers. The children are already familiar with counting in 2s, 3's 4's, 5s and 10s, and continuous support of this will help greatly.
- Ensure that your child has the relevant PE/games kits in school. Kit should be in school at all times. PE is on both a Monday and Tuesday, but there may be times where we swap things around.

St Luke's Primary School

Curriculum Information

(Kites - Summer Term 2022)

Eye Spy

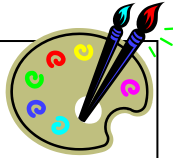

Information about our theme

This term our school topic is called "Eye Spy". As part of this theme we will looking into life in Ancient Egypt, and documenting out learning using art and the imovie app to make our own news reports. exploring habitats and looking at what humans and plants need to grow.
