

How you can help your child:

- Please listen to your child read as regularly as you can and talk about what he/she has read, discussing unfamiliar vocabulary, characters and story plot. This is the area which you can help your child to make progress with their learning.
- Please make sure that children are accessing reading plus at home, any problems, just let me know.
- Ensure that your child has the relevant PE/games kits in school. Kit should be in school at all times. PE is on both a Monday and Thursday, but there may be times where we swap things around.

## Curriculum Information (Autumn Term 2022)

# Eagles

St Luke's Primary School

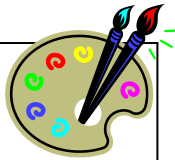

### Information about our theme

To start this brand new school year, we are leaping straight into a topic on the Vikings. During this we will be looking at who the Vikings were and when they lived. We will be looking into the effects the Vikings had on Britain and we will focus on the sources that have been discovered and the significance and authenticity of these. Alongside this, we will be making our own experiments to disprove historical thinking that the Earth was flat. Whilst looking at Earth, we will also explore the rest of our solar system, using the sun and moon to help us tell the time as well as using stars to navigate our ships.

## Art/Design Technology/Music

We will be:

- experimenting with tones and shades using pencils
- improving our pencil control, focusing on weight on pencil lines
- recreating our own versions of pieces of art by famous artists.
- learning how to compose music.
- writing and performing music.

## Maths

We will be learning to:

- To read, write, order and compare numbers to 1 000 000 and determine the value of each digit.
- To round any number up to 1 000 000 to the nearest 10, 100, 1000, 10 000 and 100 000 and use rounding in the context of a problem.
- To add and subtract whole numbers with more than 4 digits, including using formal methods.
- To identify multiples & factors; find all factor pairs of a number & common factors of 2 numbers and multiply numbers up to 4 digits by a one or two-digit number using a formal method, including long multiplication.
- To multiply and divide numbers mentally drawing upon known facts
- To divide numbers up to 4 digits by a one-digit number using the formal written method of short division.
- To multiply and divide whole numbers, including problem solving.

## English

We will be learning to:

- Write legibly, fluently and with increasing speed and stamina.
- Use a thesaurus and dictionary to support independent learning.
- Select appropriate grammar and vocabulary, understanding how such choices can change and enhance meaning
- Proof-read for spelling and punctuation errors and learning to edit our own work.
- Write narrative stories and poems, using the story of Frostheart as our inspiration
- Writing instructions on how to dye cloth and bake apples and blackberries.
- Create fact files, writing stories, play scripts and recounts.
- Use drama to recreate events and bring our writing to life.
- Take part in guided reading, individual reading, comprehensions and reading for pleasure activities

## Science

We will be:

- Learning about the solar system and learning the order of the planets
- Looking at time across the world and the role sun plays in this.
- Investigating and disproving historical flat earth theories.
- Learn about the phases of the moon.

## Knowledge and Understanding of the World

### R.E/PHSE

We will be learning about character education and how to develop positive virtues. We will be working on building our class as a team, looking at the positive attributes each person brings to the class.

### Geography/History

We will be:

- Using maps, atlases and globes to find and find where the Vikings originated.
- Learning about how Britain changed due to the Viking invasion.
- Looking at life as a Viking.
- Looking at climate change and how this affects us.

## Computing

We will be:

- Researching and searching the internet using clear terms.
- Looking at how to make searches more specific and assess the validity of information found.
- Using the internet for research safely.
- Use a variety of media to present our historical findings.

## Physical Development

We will be:

- Learning, practicing and using the skills required in hockey.
- Acknowledging the need to support and encourage team members.
